Michael Morningstar

Dear Michael,

**Subject: Extraordinary Results - Thanks to your Coaching/Mentoring**

I write to you now so that I may express my sincere appreciation for the extraordinary difference you've made in my life! It's true! Your guidance has taken my mind, body, and spirit to a new level of feeling outstanding, everyday!

In our sessions, there are several key areas that I must bring to your attention that have made all the difference for me. These distinctions are *'life changing'* and I thank you for sharing them with me.

First: **Physiology** - You have shared with me many physiological insights that have turned my average body in to a peak performance machine. As a result, my mind is clear and quick all day, my peak energy and vitality is there for me as soon as I wake up and lasts till midnight, and my new long term habits and new nutrition knowledge allow me to live an expanded life! I feel the best ever... Food tastes better... I can make huge demands on my body and feel great... and I don't require nearly as much sleep.

Second: **Language** - You shared with me, and I've adopted a rich vocabulary of words, phrases, and language patterns that enrich my life and relationships. I've learned from you that new language patterns expand my positive emotions and help me express my creativity and connection with others. I now think of my expanded language as a new "color palette" in which I'm the accomplished artist. I no longer paint with dark colors -- I simply imagine all that is possible and express it with words that come naturally... because it's who I am.

Third: **Focus/Beliefs** - I've learned from you the power of "organized and directed thought". You've shared with me the benefits of an "outcome-focused, purpose-driven life". You demonstrated to me the true meaning of adding value to myself and others with definitiveness of purpose. And most of all, you've shown me the truth that "all in need is within me now". I believe!

Michael, I share my experience with you so you'll be encouraged to help others as you have helped me. I value immensely your continued coaching, mentoring, and friendship!!!

Sincerely yours,
